

# Building to a higher standard.

The “Crystal Quality Built“ plaque is your assurance that your home meets or exceeds the Green Building standards you choose.

Our firm provides the field agent and third-party verification, inspection, and testing for Green Home Certification. Testing includes energy performance, flow rates, air quality, and acoustics. Inspections are performed a) during construction, b) at the pre-drywall stage, and c) prior to occupancy to assure that your home provides a safe and healthy environment for you and your family.

...because healthy air matters

Crystal Quality and Crystal Quality Built are service marks of

**Environment, Safety and Health<sup>SM</sup>**

Tough problems...clear solutions.

9256 Southeast Venus Street, Hobe Sound, FL 33455

# Your Green Home

We make sure  
it's everything  
you want it to be.

... because healthy air matters

Green Building is more than  
just a platitude.

It represents a safe and  
sustainable environment  
for your family today  
and their world tomorrow.

Crystal Quality Built<sup>SM</sup> verifies that your new home meets  
the stringent Green Home criteria that you have chosen.
